

MAP LEGEND

-  Sand Percent Contour
-  Growth Fault affecting this Unit
-  Limit of Blocky/Coarsening Upward Log Facies
-  Collapsed Shelf Margin - Submarine Canyon Limits
-  2WX09-Collapse Discontinuity Subcrop
-  Type Cross Section
-  Regional Stratigraphic or Structural Transect
-  Stratigraphic Dip Cross Section
-  Stratigraphic Strike Cross Section
- Posted Data on Sand Percent Maps**
-  Gross unit thickness
-  Sand percent
-  FU/Blocky log facies thickness
-  Relative amount of AOF
-  Relative amount of cumulative gas production
